Experience

Design Lead, Self-Employed

Fewcha Wallet • Full-Time

Apr 2022 - Present • 8 months

I lead the design for Fewcha's Chrome Extension, and I also mentor designers entering the field.structuring the brand, mapping out design strategies based on understanding of competitors and the market. Do everything related to design to make the product better, more beautiful and easier to use

Senior Design Consultant

Boston Consulting Group • Full-Time

Dec 2021 - June 2022 • 1 yr

I participated in consulting on design thinking as well as participating in planning UX development strategies for a client named MSB bank. Led a team of 5 designers. Helped create UX process, recruit and build design team for the client.

Created a design system that reduced technical debt for both designers and engineers.

Senior Product Designer

Satang Corporation • Full-time Remote

Jan 2020 - October 2022 • 2 yrs 11 months

Led the entire Satang Crypto Exchange product design, including web and mobile app. Mentor and train junior designers so they can improve their skills. Work directly with PM and BA to solve daily tasks through Jira and Confluence. Assign, guide and check the quality of the designers' work on a daily basis.

Senior Product Designer

TymeBank • Full-time

Jul 2021 - Mar 2022 • 9 months

Contributing to the design of the crypto investment feature on TymeBank's app for the South African market and leading the design of the Saving feature for the Philippines market. Work closely with PO senior designers & interaction designers to deliver the best design outputs

Senior UI Designer

Autonomous Inc. • Full-time

Aug 2017 - Apr 2020 • 2 yrs 9 mos

Led the UI design for SmartDesk3, a smart standing desk with built-in tablet for control. Designed e-commerce websites, landing pages & any crazy ideas from boss. Joined and play the role of Lead designer in the company's blockchain sub-projects during the early blockchain boom in 2017.

Junior Designer

EngineThemes • Full-time

Jan 2015 - Mar 2016 • 1 yr 3 mos

Started my career as a wordpress theme designer. Use Photoshop to support the work. Responsible for product design and banner ads for the marketing department
